

CONTINUING PROFESSIONAL DEVELOPMENT FOR 2022

Tēnā koutou katoa

Following on from previous emails, you will be aware the Board's website is currently offline, which includes access to the CPD portal. At present, we are working to restore the website and related services as quickly as possible, and at this stage, we do not have a timeframe for when the CPD portal will become available.

As you are unable to upload or update your activities or complete your CPD review, the Board unanimously agreed that CPD undertaken in 2022 will not be included in any future audit, however it is suggested you retain any records you have for reference.

The Board would like to express their appreciation to those who throughout 2022 completed their CPD as required by the Board's CPD programme.

CPD for 2023

It will take some time to have all our systems up and running, with APC renewals taking priority in the New Year. For all CPD activities you undertake in early 2023, please keep a record of those activities, including the details, reflection statements, and evidence so you may load it into the system when it becomes available. Please see Appendix A below for an example template you may wish to use.

CPD requirements have not changed and are:

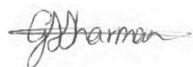

1. engage in at least 20 hours of CPD every year;
2. ensure activities are varied; and
3. include at least an identified cultural or diversity responsiveness activity (one activity every two-years).

The Board would like to take this opportunity to thank all of you who have emailed us messages of support while we work through this. We will keep you up to date once we have more information and timeframes for having everything back up and running.

The Board wishes you, your whanau, family, and friends a very happy holiday.

Ngā mihi o te wā (greetings of the season)

Nāku iti noa, nā

Glenys Sharman
Registrar/General Manager
for Te Poari Kaikorohiti; the Chiropractic Board
